Date: 17 - 19 May 2017

Conference Venue: Diplomatic Academy of Vienna, Favoritenstraße 15a, 1040 Vienna

The conference, organised by the Austrian Research Centre for Forests (BFW) and the University of Natural Resources and Life Sciences, Vienna (BOKU), provides a forum for the presentation and discussion of recent developments in the field of landscape effects on human health and well-being.

The conference addresses researchers, public authorities, public health administrations as well as people involved/interested in landscape based health offers (e.g., farmers, forest enterprises, Green Care companies, managers of protected areas).

For more information about the conference please visit the conference website

<http://www.landscapeandhealth.at>

Call for Abstracts

The Call for Abstracts is open from **19 September 2016 to 21 November 2016**. We invite you to submit abstracts – for oral or poster presentation – focusing on one of the following topics:

1. Relationships between landscape and human health and well-being
2. Relationships between landscape-based Green Care offers and human health and well-being
3. Interdisciplinary communication and policy concerning landscape and health

All abstracts should be submitted electronically. You will find detailed information about abstract submission on the conference website: <http://www.landscapeandhealth.at/index.php/call-for-abstracts>
